## LETTER OF REFERENCE

CONCERNING VASSILEV & PARTNERS LAW FIRM'S ACTIVITY

We are a Slovenian company 111 d.o.o. based in Ljubljana.

Our main business is waste management as representation of the Italian company Macpresse Europa s.r.l., which is a manufacturer of machines for the processing of waste materials and on the other hand we also trade with secondary raw materials in Slovenia and abroad.

Unfortunately, in our work we also encounter customers who are incorrect, do not adhere to the agreements and do not settle their obligations.

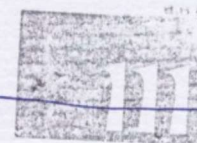

In our concrete case, VASSILEV & PARTNERS LAW FIRM with whom linked and recommend us law firm from Ljubljana, on our behalf, recovered the payment of the debt for which we tried and asked our former customer for more than a year and a half.

The services of VASSILEV & PARTNERS LAW FIRM can be rated as exemplary quality, quick and correct.

For the end...

On the basis of our own experience we would definitely propose VASSILEV & PARTNERS LAW FIRM for assistance in solving such and similar unfavorable situations.
