My name is Andreea Dobre and I am the President of AIESEC in Bulgaria. AIESEC develops leadership among youth aged 18 to 30 and contributes to strengthening the global employability market by providing an end-to-end international talent recruitment solution for Enterprises, NGOs, and Start-ups. AIESEC is the world's largest youth-run organization developing the leadership potential of young people. Present in 100+ countries and territories across 2000+ universities, we provide young people with life-changing experiences to intern or volunteer abroad within partner organizations.

As AIESEC in Bulgaria we organize every year events where we connect both companies and young people, such as Youth Speak Forum, Levcheto, Business in Practice, workshops and much more, we facilitate internship programs by bringing international young people in Bulgarian companies and by sending Bulgarian young people in companies abroad.

In the past year we have worked closely with the Vassilev and Partners Law Firm for things such as General Assemblies documentation, changes in the Commercial Registry, legal consultancies, reviews of our internal rules, contracts and declarations for our partners and exchange participants and much more. After working so much together, all I can say is that we as AIESEC in Bulgaria and me personally totally recommend the services they are providing because of the professionalism, seriosity, kindness, adaptality, patience and efficiency, they are proving in any moment of working together.

We are a team of internationals leading a NGO in Bulgaria and the support we received from here was extremely helpful in understanding how to run our projects and activities according to the Bulgarian law. We are super grateful for all the help and we hope that this collaboration we'll go on for many years! Thank you!
