Letter of reference

To whom it may concern

UniCredit Leasing Corporation IFN SA is part of the financial Group UniCredit Romania, alongside UniCredit Bank and UniCredit Consumer Financing, offering its clients a complex range of credit, leasing products and services, as well as other auxiliary services.

As part of a cross-border revolving financing concerning New Holland and Kverneland agricultural equipment located in Bulgaria our company has relied on Vassilev & Partners Law Firm for assistance on various aspects pertaining to Bulgarian law.

In particular the law firm played an essential role in the assessment and establishment of a movable security over the rotating stock of financed equipment, and registering/deregistering the pledged assets with the Bulgarian Central Pledges Register.

In the light of the collaboration started in April 2017 our company deems Vassilev & Partners Law Firm as a trustable advisor in financing projects.

Sincerely,

Bianca Niste
